Piping Technology & Products, Inc.
3701 Holmes Road
Houston, TX 77051

Dear Wilson Cruz,

The Church on Fire Christian Center, along with our ministry partners would like to thank both you and the senior leadership team for allowing us to host a two-day outdoor revival tent meeting on your lot which is located at 3816 Holmes Road, Houston, TX 77051.

We were not only able to provide spiritual food but we were also able to provide physical food to all those who attended as well as giveaway clothing and shoes to those in need.

Those in the community who stopped by or attended the revival were touched and appreciative that we were having such an event. I had several of the visitors tell me that they haven't had an event like this before and were grateful to both us and your company for reaching out to them. One of the pastors in the community stopped by Friday night (10/16/15) and was so encouraged by what he saw that he made a verbal commitment to start outreaching to the community. Another pastor heard that we had the revival and sent us an email stating that they have been praying for their community but is now also considering having a revival and asked for our participation and assistance.

Many lives were changed during those two nights and they will remember the revival as a turning point in their lives. We are looking forward to the testimonies that will come forth in the next few months about transformation in the community. None of what happened during our Prayer Walk, while passing out the flyers and talking to residents as well as the revival would have been possible if you hadn't allowed us use of the land so again, thank you! Thank you very much. We pray that God would reward all of you for your generosity towards us and the people of Sunnyside.

Multiplied Grace and Peace be unto you with increase and prosperity to Pipeline Technology and its subsidiaries,

Donnell Vigers
Senior Pastor
